Temple, TX 76504

Located on 5K
(new bed tower)

1-800-423-2111 ext. 40572
or
254-743-0572

The Geriatric Evaluation and Management (GEM) Clinic is an outpatient primary care clinic focusing on the care of veterans 65 years of age and older. Our goals include:

- Full assessment and treatment of older veterans with multiple health problems or with problems taking care of themselves
- Education and support to veterans, their families, and their caregivers.

Potential Benefits to Older Veterans

- Help them to stay as independent and active as possible
- Help them keep their quality of life
- Help them to better handle their medical problems
- Help them to cut the number of hospitalizations and emergency room visits
- Help them to delay assisted living or nursing home placements

Think about the GEM clinic if you are:

- 65 years of age and older
- Having problems with memory, confusion, falling, bathing, dressing, walking, or using the bathroom
- Having multiple medical problems or problems taking care of yourself
- Taking more than seven (7) medications
- Using in-home programs such as home health services

If interested, contact the GEM clinic to schedule an appointment or speak with your primary care physician to request a referral to the GEM Clinic.
